I was born in the West coast of Scotland, Paisley the historic town world famous for its textiles and tear drop Paisley pattern.

Growing up our family had a lovable Bull Terrier called 'Piggy'.

I first attended dog shows in the early 90's , and started showing a nice Irish Terrier.

I started working with Pamela McMenemy (now Martin) at her grooming salon in Paisley in 1996 and was captivated with her pack of Bichon Frise, which she exhibited along with her then husband Brian.

Pamela had some success with Kennichen dizzy miss lizzy and I had a go at handling her at some local open shows.

I then met Margaret Boulcott around 1997 and fell in love with the Affenpinscher. Quickly Margaret and I became great friends, then kennel partners, breeding and owning 16 UK champions in the breed.

We then added a Bolognese to the team, co owned with the lovely late Virginia Dowty . 'Morse' became the top dog in the breed for 3 consecutive years and he was the first ever Bolognese to be group placed at a UK Championship show (WELKS).

I have also won CC's in Pugs.

I started judging in 1999, and now approved to award CC's in every Toy breed (except 1). I'm a toy group championship show judge.

I'm also approved to award CC's in Shih Tzu & French Bulldogs in the Utility group. I am secretary of Clydebank dog show, a popular open show held in Lanark, Scotland.

Vanessa Cox (Petitpaws)

I have a keen interest in all the toy breeds and am currently showing King Charles Spaniels and a veteran Miniature Pinscher. I judge a number of toys at CC level including the toy group and was thrilled to judge Affenpinschers at Crufts this year, a breed that I have owned and shown in the past. My first Bichon

judging appointment was at the Bodmin open show way back in 2004. I am delighted to be judging the special awards classes at the Bichon Frise Club of Great Britain club show.
